PHASE 3.0: Based in Austin, the company has raised $9 million in seed funding, and has built software that will go live in about a month. Known as DevTest, the software is in the final stages of beta testing and will be commercially available at the start of 2018, according to a person familiar with the matter. DevTest may be the first of several such companies that could move software development from e79caf774b
