What's new:

I was hoping for Star Ocean (The game I feel most enthused about of the 3 Star Ocean games) and its speculations of future Star Ocean games. Now it is de-emphasizing their speculations of creating Star Ocean 3 and 4 with, in which they mentioned magic. I still wonder if it is so that they decided to start having a Western Mythology (i.e. Marvel Comics Style) period for our new Star Ocean 4, or it is just simple politics. Unfortunately, I feel this is a loss for the series and the fans, because Star Ocean is an original, unique and one of the few video game franchises that doesn't have any sequel. If it is indeed a political thing, then I hope this doesn't hurt the series. With the "new generation" and "new game design", maybe "new innovation in the new generation" is what is missing and other games are making it for us.
