June 7, 2559 BC - Mirror's Edge was unusual when it came out, and still seems unusual. . and Faith may be the key to getting this case wide open, if she has it, of course. And, if she doesn't know, she's the key. In a game where all your actions can be recorded, where all your decisions are recorded and your screen experience is recorded, someone can interfere and that's it. If they can take control and control what happens in the game, they can force you to do anything and you will never know the truth. So who are these people? And how do they do it? And how can they essentially control everything that happens in the game?
