Studies with stimulus events of short duration, for example, during detection and identification of a visual stimulus, have provided evidence of variability in event-related pupil diameter responses and blink rate responses of subjects. This variability may be related to various factors such as individual differences between subjects, differences in the examination setting, physiological and emotional influences, and/or disruption of the visual system. In this study, we examined the variation in pupil diameter and blink rate responses to visual stimuli of varying duration and intensity in subjects with and without visual impairments. We examined the variability in the pupil diameter and blink rate responses to simultaneously presented visual stimuli in a group of 20 subjects with and without visual impairments. The results indicated that the variability in pupil diameter and blink rate responses increased with the exposure duration. There was no effect of age, and no difference was found in the variability between the two groups. Azerbaijan president to continue in leadership role despite not seeking re-election Azerbaijan is set to hold presidential elections in April 2015. The president, Ilham Aliyev, has said that he will not run for re-election in the forthcoming contest. Here are some facts and questions about the elections. Who is running? The president, Ilham Aliyev, is the son of Heydar Aliyev, who was the first president of independent Azerbaijan. Heydar's elder brother, Mammadali, was also president. Ilham Aliyev was chairman of the Azerbaijan Democratic Party (ADP) from 1991 to 1995, during which time he overthrew the republic and took power. He went on to serve as prime minister for 10 years, and has been president since he took power in 2003. Who is against Ilham Aliyev? Ilham Aliyev was an unpopular president during his predecessor's 10 years in office, and a second term in office is not likely to be any different. There is a risk of widespread apathy with the elections because of the high rate of inflation and unemployment. How did the Supreme Court disqualify Aliyev's opponents? In August 82138339de
