### The TalkingBible Guide

The Talking Bible Guide, is an electronic Bible for today's world. It contains the knowledge and wisdom of the Bible in an audio form. It contains a huge collection of daily devotional messages (3,000+), General, and Bible doctrine topics (21,000+). It contains over 6,500 bible verses and much more. • Supports different devices such as iPod, iPhone, iPad, Android, iPhone, Windows, etc. • Supports three languages English, Spanish, and Hebrew. • Many sources of news including the latest books, articles and web sites. • Contains a huge collection of bible verses on different categories: verses on the cities of the New Testament, verses on the wind, verses on the rivers, verses on the seasons, verses on the trumpets, verses on the bands, verses on the hats, verses on the coats, verses on the boats, verses on the cups, verses on the tombs, verses on the thrones, verses on the reeds, verses on the rods, verses on the hammers, verses on the misgivings, verses on the healing, etc., etc. • It is also a commercial version without any advertisement and offers our church and many other sources of news for free. • There is more than 6,500 bible verses in its database. It includes approximately 3,000 verbatim quotes from the New Testament and about

---

3,500 Hebrew words and definitions. • It contains a huge collection of audio Bible verses from the books of Bible that you can listen and learn. • The audio contents are adjustable and have the minimum playback time to permit listening to the Bible and its wisdom for as long as you need. This app is best for all ages and you don't need to have any prior knowledge on the bible.

What's new in this version: • We updated the text for the Bible in various languages and added words to some subjects. Also added new voices for all the songs. • We added new voices for the Buttons "Back to Text" (English, Spanish, Hebrew) and "Start with a Verse" (English, Spanish, Hebrew). This app is a huge collection of Bible passages from different languages. It has thousands of bible quotations arranged in General and Sub topics and has a lot more. It is a bit difficult to navigate. It has no information or explanation as to what topic a verse belongs. I had to look up topics and sub-topics, and that was a 6a5afdab4c

## **What's New In The TalkingBible Guide?**

The Talking Bible Guide is a Bible reference of over 6,000 verses quotes of over 32,000 verses that the bible has. All these verses are arranged in General and Sub topics. There are 20 General topics in which 142 subtopics are covered. The bible has over 18,000 verses relating to historical events; and about 6,000 devoted to bible doctrines. There are many people who knows only those verses which can be read easily and pieced together. Some are even not aware of their own "meat" and the worth of their own bible. There are people who are in bondage and do not know or realize that the bible explains many things, and what is inside is great, beautiful and invaluable. For example: GOD speaks volumes of wisdom to man. The bible is the very person to listen to and decipher, because it is his own words. The bible has been interpreted by many who have also added their own personal views and views. This is not what God intended for us, as people to add views to the bible and change meanings. People have been affected by churches and have added their views to the bible, which has changed the message This is why I have designed the Talking Bible Guide as an electronic book so people can see the different meanings of the words. Bible readers have no choice but to start with the first verse of chapter 1, when a person opens the book, then a section called "Body of the Book" will bring them from the first verse to the last verse, and will give them a pattern on how the reader should read and understand the bible. Readers should be given options where they can click on the verse and in the next screen, they can select from the different topics or subtopics, and in the next screen, they can select from "Additional Information" where it will bring up other verses relating to the verse selected. After the verse has been selected, the "Additional Information" screen will bring up a list of verses that could be added to that verse. A reader will also be given many things to read, which will inspire the reader to read, as the "Additional Information" screen will bring up many topics to read and learn. This Bible will tell man what is in store for him. It is based on the Swedish Publication, which is available at [www.thetalkingbibleguide.com](http://www.thetalkingbibleguide.com). The Talking Bible Guide has been designed to be used on any smart phone, such
